Berkley Multi-Drop Chandelier

By Arteriors Home

Description

The Berkley Multi-Drop Chandelier is a striking composition of balance, form, and illumination. Featuring six solid crystal diffusers suspended in an alternating arrangement of diamond and oval silhouettes, each faceted crystal beautifully captures and refracts concealed LED light, creating a crisp, radiant glow. Finished in antique brass, this sculptural chandelier blends contemporary geometry with timeless elegance, making a distinctive statement in modern interiors. While the crystal configuration and cord lengths are fixed, the ceiling mounting points can be repositioned to tailor the fixture's overall span and drop, offering flexibility in its final presentation.

Specifications
