Glacielle Chandelier

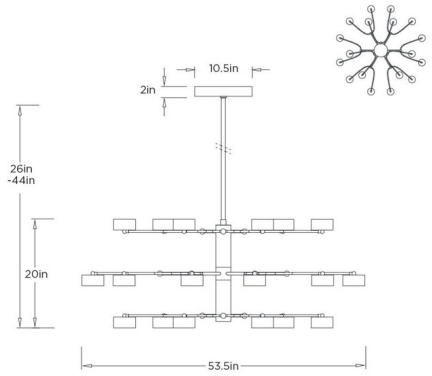

By Arteriors Home

Description

The Glacielle Chandelier captures the beauty and brilliance of sculpted ice, bringing a sense of modern elegance to your interior. Tiered, angular arms support clear cast glass blocks that reflect and refract light like crystalline prisms. Its layered design creates remarkable depth and dimension, while the interplay of light and glass delivers a radiant, shimmering effect. Striking yet sophisticated, the Glacielle serves as a luminous focal point in dining rooms, living spaces, and grand entryways.

Shown in antique brass / clear
