Lunaria Pendant

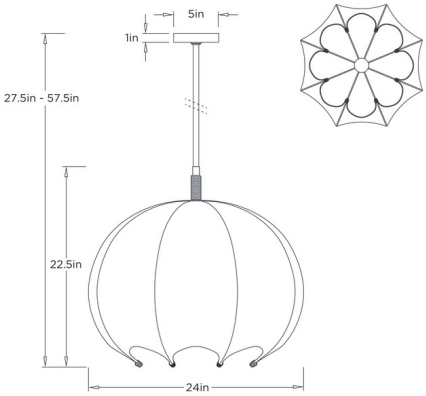

By Arteriors Home

Description

The Lunaria Pendant is distinguished by its softly billowed, moon-inspired shade, designed to gently diffuse light and cast a serene, luminous glow throughout the space. Delicate points along its silhouette are finished with precisely wrapped metal detailing, introducing a refined structural element that beautifully offsets the organic curvature of the form. This thoughtful interplay of sculptural shape, warm materiality, and tailored accents creates depth and texture, giving the fixture a subtle yet captivating presence.

Shown in antique brass / ivory
