Daphne End Table

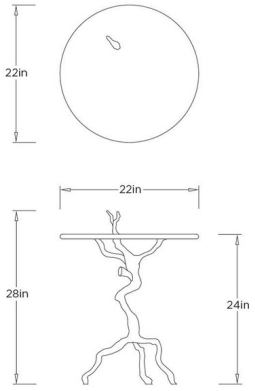

By Arteriors Home

Description

The Daphne End Table is a sculptural accent that celebrates the beauty of contrast and organic form. A smooth, round stone top rests gracefully atop a slender metal base, which twists upward in a branch inspired silhouette. The juxtaposition of natural materials and artistic craftsmanship creates a sense of movement and visual intrigue. Elegant yet versatile, the Daphne brings texture, character, and a sophisticated touch to both contemporary and transitional interiors.

Shown in bronze / travertine
