Striata Table Lamp

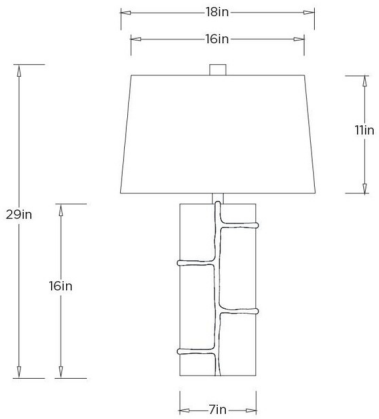

By Arteriors Home

Description

The Striata Table Lamp draws inspiration from the bold elegance of a sculptural cuff bracelet, reimagined in antique cast aluminum with richly textured detailing. Its segmented form introduces rhythm and dimensionality, lending the piece a refined, jewelry-like quality balanced with architectural presence. Striking and expressive, this table lamp brings a fashion-forward edge and tactile sophistication to living spaces and curated interiors. Three-way rotary switch is located on the lamp socket.

Shown in antiqued aluminum / white
