Aureline Wall Sconce

By Arteriors Home

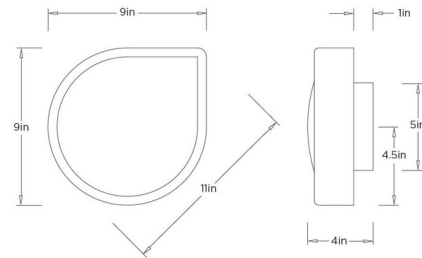

Description

The Aureline Wall Sconce draws inspiration from the graceful form of a falling raindrop, translating a natural silhouette into an elegant decorative statement. Crafted from champagne slump glass, its softly curved profile and textured surface gently diffuse light, creating a warm and inviting glow. Rich golden hues and organic contours lend the fixture a refined sense of movement and depth, bringing understated sophistication and natural beauty to any interior.

Shown in english bronze / champagne
