Wright Grid Chandelier

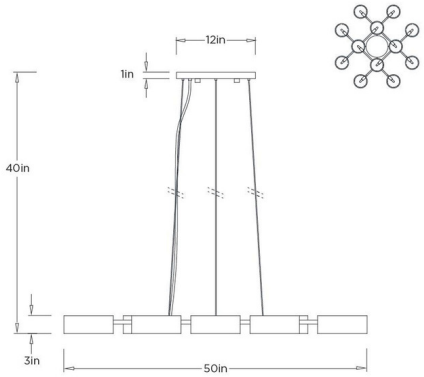

By Arteriors Home

Description

The Wright Grid Chandelier reinterprets midcentury geometry with a contemporary sensibility. Crafted from antique brass-finished iron, its structured grid design is accented by luminous white onyx diffusers that soften and diffuse light beautifully. Layered circular forms and a balanced composition create a sense of depth and visual rhythm, while the warm metallic finish enhances its inviting glow. Architectural yet elegant, this statement chandelier brings sophistication and striking presence to dining rooms, living areas, and grand interiors.

Shown in antique brass / white onyx
