Sautoir Wall Mirror

By Arteriors Home

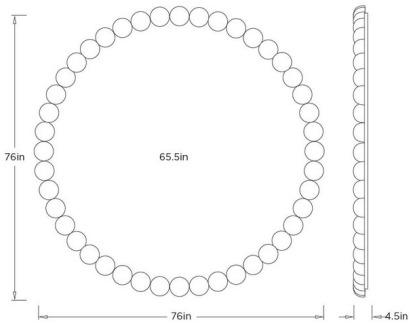

ADA

Description

The Sautoir Wall Mirror is defined by a sculptural frame of repeating spherical forms, meticulously crafted in sable-finished mango wood. The rich, dark surface is accented by two contrasting stone spheres that gently interrupt the rhythm of the design, adding depth, texture, and visual intrigue. With its generous scale, the mirror becomes a striking focal pointenhancing light and presence in the room while introducing a refined interplay of geometry and subtle contrast. Includes hanging hardware.
