By Arteriors Home

Description

The Meramec Outdoor End Table brings sculptural beauty to outdoor spaces with its organic live edge silhouette, meticulously shaped and textured by hand before casting. Crafted from durable concrete composite, it delivers the timeless character of natural stone while standing up to the elements. Use it as a standalone accent piece or pair it with the coordinating coffee table to create a layered, expansive centerpiece. Earthy yet sophisticated, it adds both function and artisanal character to any outdoor setting.
