Anaconda Tube Pendant

By Egoluce

CE

Description

The Anaconda Tube Pendant is a versatile and customizable fixture. Anaconda's main feature is its flexible silicone LED tube which can be shaped to perfectly suit its surroundings and provides 360 degree light distribution. The flexible tube is paired with a rigid, straight methacrylate tube which provides a visual constrast to the rest of the pendant's freeform shape. This preconfigured kit for the Anaconda Tube Pendant includes the 198.9 inch flexible Anaconda tube, a 39.9 inch methacrylate straight tube, end caps (one with power cable exit), 5 suspension cables, and a 48V 100W LED driver. Note: A ceiling canopy is not included, and the driver must be installed in a remote location.Anaconda is also available as a highly customizable system with a variety of wall and ceiling mounting options that determine its shape. Please contact us to discuss the full range of options for the Anaconda System.
