## Morse Linear Pendant By Estiluz

### Description

The Morse Linear Pendant takes its name from the dots and dashes of Morse code, a reference to the pendant's horizontal structure and trio of cylindrical lampshades. The shades can be independently rotated 320 degrees to direct light at various angles to provide direct downlighting, highlight features around the room, or create a warm atmosphere with indirect lighting. With its sleek, minimalist aesthetic and versatile functionality, Morse is a stylish addition to any kitchen, living room, or dining room.
