Sumba Reading Wall Sconce By FARO Barcelona

Description

The Sumba Reading Wall Sconce is an indoor lighting fixture with rattan playing the leading role. The tapered rattan shade adds a rich texture with a warm expression. An LED reading lamp beneath the shade can be tilted 90 degrees and rotated 355 degrees to aim its light precisely where it is needed. On/off switches on the backplate allow the main lamp and the reading light to be controlled independently.

Shown in matte black / rattan
