Planetarium Color-Select Pendant

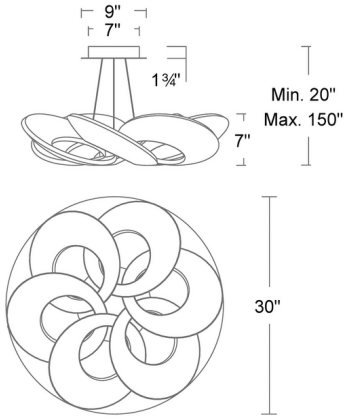

By Modern Forms

Description

The Planetarium Color-Select Pendant is a rich expression of technology and design. Drawing inspiration from the orbits of celestial bodies, its flowing composition of nestled discs radiates outward, providing bright illumination from each LED wrapped edge. The result is a dynamic modern statement that feels weightless and in motion. LED color select options include 3000K, and 4000K.

Shown in black / frosted
