Karie Pendant

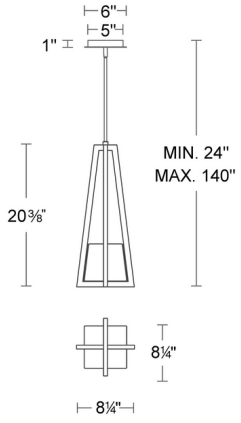

By Modern Forms

Description

The Karie Pendant is a study in contrasts, where cast glass meets crisp geometry. Its bold, lantern-like frame widens at the base to cradle a glass diffuser, cut like a block of dazzling ice. Lines of LED illumination shine outward from the metal around the block, providing a soft, atmospheric light. Ideal for layering over kitchen islands, defining dining spaces, or creating a curated hallway statement, Karie adds versatility with visual impact.
