Formation Color-Select Outdoor Wall Sconce

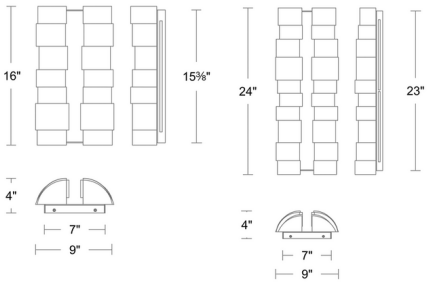

By Modern Forms

Description

The Formation Color-Select Outdoor Wall Light has a bold, sculptural presence. Made of carved basalt or travertine, the stone layers form a textured, multi-dimensional column that blends ancient inspiration with modern style. An integrated LED module lights up the interior and spills outward to provide a soft glow. LED color selectable options include 2700K, 3000K, 3500K, and 4000K.

Shown in black / basalt stone
