Favo Color-Select Wall Sconce

By Quorum

Description

Drawing inspiration from traditional Japanese architecture and Art Deco design, the Favo light creates a reserved yet stately presence. The satin opal glass softens the light from the long-lasting integrated LEDs, while the brushed brass finish adds a rich, warm feel, creating a harmonious blend between the two elements. Let the Favo collection transform your space into a beacon of sophistication and style. Features color select technology which allows user to select between 2700K, 3000K, 4000K, 5000K, and 6500K color temperature options.

Shown in brushed brass / opal
