Between Lines Hand Painted Canvas Set of 2

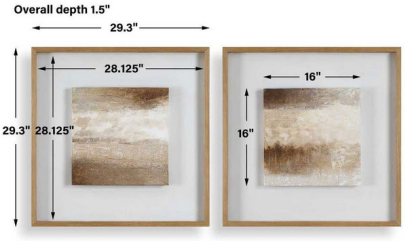

By Uttermost

Description

Between Lines is a handcrafted set of abstract canvases showcasing layered brushwork in soft shades of ivory, taupe, and sand, enhanced by a subtle crackled finish. A smaller painted canvas is mounted within a larger blank canvas, creating added depth and dimension. Framed in natural pinewood, the warm finish beautifully complements the artwork's understated palette. Because each piece is hand painted, slight variations make every set unique. Designed for versatile display, it can be hung either horizontally or vertically.
