Underwater RGBTW Submersible Spot Light By WAC Lighting

Description

Celebrate artful illumination and transform a pool or water feature with the Underwater RGBTW Submersible Spot Light. Create personalized lighting experiences underwater with this adjustable spot light. The pure white light can be tuned from 2700K to 6500K, and millions of RGB colors are available. This smart light can be controlled through the MyWAC app via WiFi or wired ethernet. App functions include adjusting dimming and color, and creating scenes, groups, and schedules. The light can also be controlled using DMX 512. Note: A WAC Colorscaping smart transformer is required, sold separately.
