X Outdoor 12V Track Channel

By WAC Lighting

Description

The X Outdoor 12 Volt Track lighting system system is robustly designed not just to brighten spaces, but to transform them. Crafted for both residential retreats and sophisticated commercial environments, this system blends modern engineering with artistic allure turning every evening into an experience. Mounting holes spaced every 8 inches. Field cuttable for runs of any length. Field drillable for mounting (countersink required). Requires 10-gauge landscape lighting cable for installation (sold separately). Can be mounted on ceiling or wall in all orientations. Supplied with mounting hardware, one pair of joiners, and one end cap. All other components sold separately. System requires a 12V low voltage magnetic transformer, sold separately.
