Millimetro Table Lamp

By Luceplan

Description

In the Millimetro Table Lamp, the thin reflecting disk is equipped with a stem that provides multiple functions: it defines the finish of the lamp, it supports the disc in an oblique position over the table and, in correspondence with the side facing upward it becomes a sensor for on-off and dimmer functions. The light source, contained in the flat and discreet optical housing attached to the back surface of the disk, spreads a soft glow on the surface.

Specifications

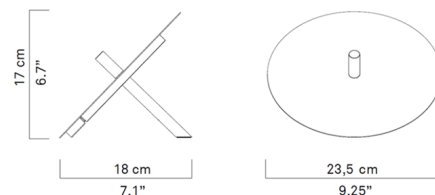

COLOR White
BODY FINISH Brass
WATTAGE 13W
DIMMER Low Voltage Electronic
DIMENSIONS 9"W x 6.5"H
INTEGRATED LED MODULE 1 x LED/13W/120-277V LED
COUNTRY OF ORIGIN Italy

Technical Information
