

BRAND Matthews Fan Company

DESCRIPTION

The Atlas Fan Dagny Wood Ceiling Fan features a retro style double-headed design, combining a body made of cast aluminum and heavy stamped steel with wooden blades that complement the metal housing. It offers smooth, quiet axial rotation, and the fan heads can pivot 180 degrees. Axial rotation can be adjusted by changing fan blade speed and pivoting the heads, achieving optimal air movement. A hand-held RF remote control is included and enables fan on/off, 3 speeds, and forward and reverse. If the fan has a light, the control turns the light on/off and dims it. Optional accessories are sold separately. Note: The Brushed Nickel finish is only available for fans that have a light.

Shown in: Textured Bronze / Mahogany

SHADE COLOR	Mahogany
BODY FINISH	Textured Bronze
WATTAGE	18W
DIMMER	Included
DIMENSIONS	41"W x 14"H
