

BRAND Matthews Fan Company

DESCRIPTION

The Atlas Fan Dagny Metal Ceiling Fan features a retro design with straight parallel arms supporting two heads. It offers smooth, quiet axial rotation, and the fan heads pivot 180 degrees. Pivoting the heads or changing fan blade speed changes the axial rotation to achieve optimal air movement. The body is made of cast aluminum and heavy stamped steel, and the blades, also constructed of metal, are encased in decorative cages of a vintage industrial style. A hand-held RF remote control is included and enables fan on/off, 3 speeds, and forward and reverse. If the fan has a light, the control turns the light on/off and dims it. Optional accessories are sold separately. Note: The Brushed Nickel finish is only available for fans that have a light.

Shown in: Textured Bronze / Textured Bronze

SHADE COLOR	Textured Bronze
BODY FINISH	Textured Bronze
WATTAGE	18W
DIMMER	Included
DIMENSIONS	39"W x 14"H
INTEGRATED LED MODULE
