Ritual Hunting Bottle

By Currey & Company

Description

The Ritual Hunting Bottle draws inspiration from the ceremonial liquor vessels of the Ming Dynasty, reinterpreting their timeless form as a striking decorative vase. Crafted from porcelain, the piece features a sculptural animal head detail that pays homage to its historical origins. Finished in a soft celadon green glaze with a subtle crackle effect, it evokes the character and beauty of an antique heirloom. Due to its artisanal craftsmanship, each vase exhibits unique variations in color and surface, making every piece one of a kind.
