Transformation Box

By Currey & Company

Description

The Transformation Box is a striking decorative accent, crafted from composite with a richly marbled green finish inspired by the natural beauty of malachite. A brushed brass disc adorns the center of the lid, adding a refined metallic accent, while the glossy black interior provides a sophisticated contrast to the vibrant exterior. Due to the handcrafted nature of the materials and finish, each box features subtle variations that enhance its unique character.

Shown in marbled green / brushed brass
