Dressage Oval Vase

By Currey & Company

Description

The Dressage Oval Vase is crafted from aluminum and finished in rich bronze with a hand applied patinated verdigris effect. Graceful dressage horses encircle the vessel, lending the piece a sculptural presence and a striking sense of movement. Designed as a decorative accent, it can be filled with a variety of display elements but is not watertight and is not intended for fresh floral arrangements. Because each vase is finished by hand, subtle variations in color and texture make every piece uniquely individual.

Shown in bronze
