Old Growth Planter

By Currey & Company

Description

The Old Growth Planter is remarkably lifelike, capturing the rugged beauty of a weathered tree stump. Crafted from durable fiber cement with a richly dappled finish, this brown planter has the appearance of a treasured garden antique that has naturally aged over decades. Intricately sculpted, gnarled roots wrap the base, enhancing its authentic character. A built in drain hole ensures healthy plant growth while maintaining its decorative appeal.

Shown in dark brown
