Pelican Sculpture

By Currey & Company

Description

The Pelican Sculpture is a striking work of art that celebrates the graceful presence of this iconic coastal bird. Cast in bronze using the time honored lost wax process, the sculpture comes to life through exceptional craftsmanship and attention to detail. A rich black bronze finish is enhanced with carefully applied hand finishing techniques, creating a captivating contrast between the pelican's polished surface and the matte texture of its perch. The result is a sophisticated decorative accent that highlights both artistry and timeless design.
