Tidala Vase

By Currey & Company

Description

The Tidal Vase celebrates the beauty of marine life with intricately carved crabs and an octopus that gracefully wraps around its sculptural form. Handcrafted from ceramic, each vase is individually thrown, carved, decorated, and finished with a soft milky white glaze by a community of skilled women artisans. The handcrafted process creates subtle variations in texture and motif placement, making every piece uniquely its own. Designed as both a decorative accent and functional vessel, the vase is not watertight and should be lined before use with fresh flowers.

Shown in milk white
