Radiance Frame-Lit Vanity Mirror

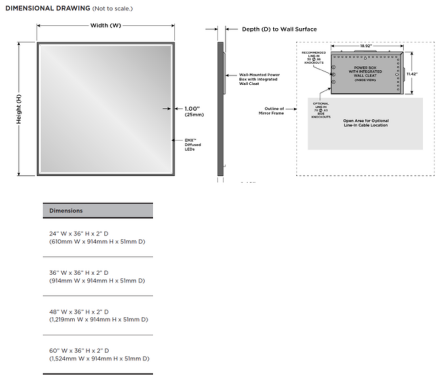

By Electric Mirror

Description

Radiance defines modern luxury with a precision-crafted aluminum frame and sleek architectural form. Its unique inward-facing, Frame-Lit front-of-glass LED lighting creates a soft, diffused halostudio-quality illumination that enhances natural features with clarity. Designed to elevate the everyday, Radiance brings refined lighting and sophistication to your vanity space. Dimmable inward-facing task lighting for brilliant facial illumination ideal for makeup application and grooming. Superior color rendering (CRI) for more natural, flattering, and softer light quality. Controlled by Phase/Triac dimming wall switch (by others). Note: Radiance can only be hung in the W x H orientation as shown; fixture is not field-interchangeable.
