Solis Lighted Mirror

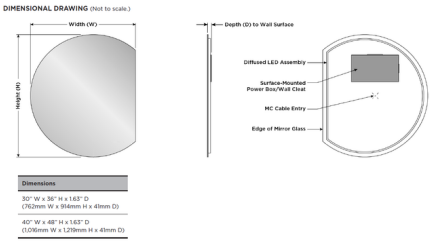

By Electric Mirror

Description

Radiating quiet elegance, the Solis Lighted Mirror brings sculptural serenity and soft symmetry to any space. Its gently rounded form is complemented by a subtle flat edge an intentional design detail that allows it to nestle beautifully into a corner or align gracefully against a wall edge. This versatile geometry makes Solis both a functional fixture and a refined architectural element.Perimeter wall-glow ambient lighting with diffuser for a finished side view. Flexible orientation enables mirror to be hung with flat edge on right or left side. Controlled by Phase/Triac dimming wall switch (by others).Note: Solis can only be hung in the W x H orientation as shown; fixture is not field-interchangeable.

Shown in white / mirror
