Filigrana Multi-Light Pendant

By Established & Sons

Description

The Filigrana Multi-Light Pendant is an artisanal piece made of acid-etched, mouth blown glass using the filigree technique, which dates back to the 16th century. Colored glass stripes are rolled into the surface of each shade to create an enchanting, candycane pattern. The glass softly diffuses light to produce a warm, welcoming glow. Each fixture possesses slight variations due to the handmade production process.

Shown in matte white / black & red canes
