Gelato Portable Table Lamp

By Established & Sons

Description

Originally designed by Carlo Nason in the 1960s, the Gelato Portable Table Lamp has been re-imagined as a portable LED lamp. The cup-shaped glass base holds an acid-etched, opaline glass orb with a built-in light source. The globe can be removed from the base for charging with the included magnetic USB-C cord. A 3-step touch dimmer switch allows the user to set the perfect level of lighting for any mood.
