Grova Side Table

By Ferm Living

Description

Add a gallery-level aesthetic to your space with the Grova Side Table, crafted from FSC-certified solid ash contrasted with a solid travertine foot. The travertine foot pierces through the tabletop, creating a striking architectural gesture, while the softly carved tabletop has a continuous curve that tapers toward the point where the stone emerges. Inspired by mangrove ecosystems, where roots break through the water, the Grova Side Table can also be used as a pedestal or art object.
