Lille 18 Wall Sconce

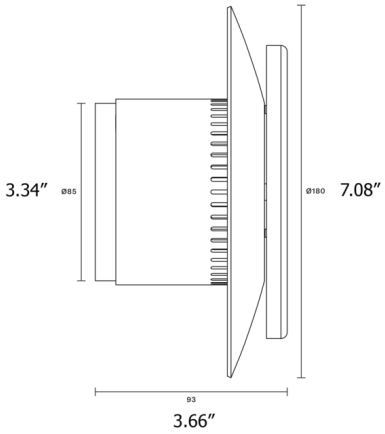

By Pholc

Description

The Lille 18 Wall Sconce is a unique piece shaped by the interaction of light and form. Light is directed with precision from behind the disk to create a soft halo against the wall, while a gentle glow filters through the layered construction. The metallic surface shifts and deepens when lit, adding nuance and warmth. Ready for a corridor, restaurant, or even bedside, the Lille is a sculptural wall lamp with architectural presence and quiet expression.

Shown in vibrant green
