Kornel Pendant

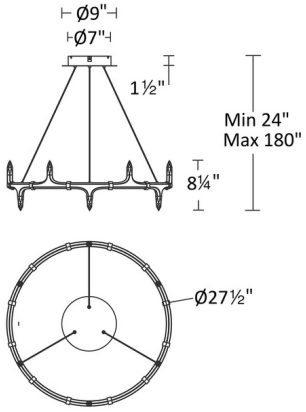

By Schonbek Beyond

Description

The Kornel Pendant evokes the grandeur of a medieval crown - regal, sculptural, and illuminated with a sense of quiet majesty. A sweeping circular frame is adorned with geometric ring details, each supporting staggered faux candles crafted from pristine Illuminated Optic Haze Quartz. Light flows through every sculpted element, creating a captivating interplay of shimmer, shadow, and refined brilliance. The driver is concealed within the canopy.Note: Dimmable with Triac or Low Voltage Electronic dimmers, sold separately.
