Amoureux Pendant

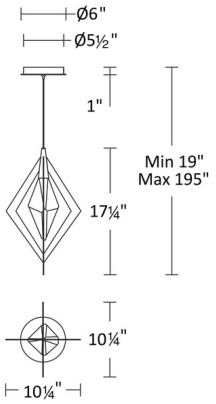

By Schonbek Beyond

Description

The Amoureux Pendant is a sleek, sculptural fixture that pairs modern geometry with the brilliance of Optic Crystal. An elongated crystal piece is suspended within an angular, pyramid inspired metal frame, creating a striking interplay of light, form, and reflection illuminated by an integrated LED. Balancing minimalist elegance with bold visual presence, the design brings a sophisticated architectural statement to contemporary interiors. The driver is concealed within the canopy.Note: Dimmable with Triac or Low Voltage Electronic dimmers, sold separately.

Shown in aged brass / optic crystal
