Kilter 2.0 Wall Sconce

By Tala

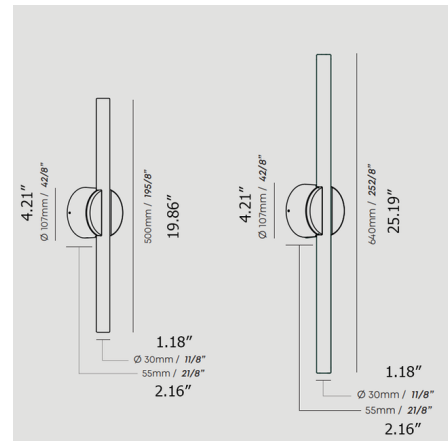

Description

The Kilter 2.0 Wall Sconce is a modern take on an architectural lighting staple. Its linear borosilicate glass tube forms a single line of light, illuminating evenly in all directions with balance and precision. Designed with longevity in mind, the replaceable bulb is secured to the wall with contrasting circular base. Choose from an array of finish combinations to match any space. Install vertically or horizontally.

Shown in white canopy / gloss white plate / frosted
