Griffith Wall Sconce

By Troy Lighting

Description

A dreamy bedside reading light, the Griffith Wall Sconce updates an industrial silhouette with a natural materiality. The conical shade is medium rattan-wrapped vertically, creating a lengthening effect that lets light peek through the strands. To allow for complete adjustability, Griffith pivots at the ball hinge. An integrated on/off switch adds ease of use to this Patina Brass-finished sconce. Note: Due to the one-of-a-kind nature of the medium, exact colors and patterns may vary slightly from the image shown.
