Eclipse Color-Select Outdoor Wall Light By Alteck Lighting

Description

Inspired by the majesty of a lunar eclipse, the Eclipse Color-Select Outdoor Wall Light captures this dynamic energy in a geometric form. A backlit glow emanates from a shadowed disc, spilling light against a painted brass backplate for a soft, enticing glow. An additional downlight offers extra functionality. This artistic sconce is ideal for a covered patio, hallway, or even powder room. LED color selectable options include 3000K, 4000K, and 5000K.
