Svetlana Pendant

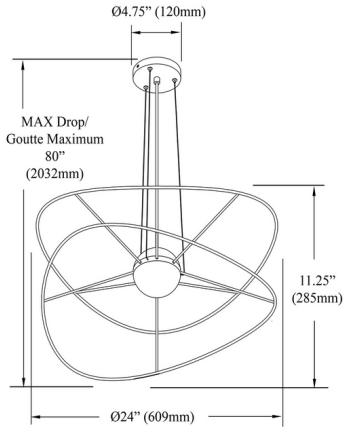

By Dainolite

Description

The Svetlana LED Pendant brings a sculptural, modern focal point to the kitchen or foyer, casting a calm wash of light that feels inviting from the moment you walk in. An irregular metal form is softened by acrylic diffusers that help spread illumination evenly and reduce glare. It's height adjustable via 72 inch cables and sloped-ceiling adaptable, so you can hang it just right over the spot that matters most.

Shown in matte black / white
