Brass Arundel Ceiling Light Mod. 36

By In Common With

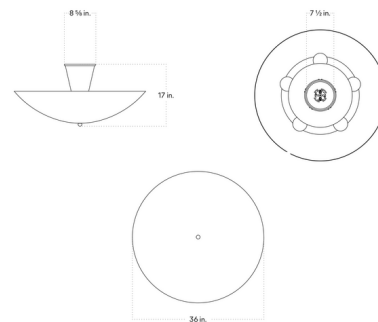

Description

The Brass Arundel Ceiling Light Mod. 36 is a large-scale fixture that will anchor a room's decor as a statement-making centerpiece. Although Arundel features a refined, almost restrained, aesthetic with its simple bowl shape, its 36 inch shade exudes a commanding presence. The shade directs light upwards towards the ceiling to bathe the room in soft, indirect light. The included Tala Sphere III Warm Dim LED bulbs warm in color temperature as they are dimmed from a warm 2800K to an amber 2000K for a relaxed, welcoming atmosphere.

Shown in patina brass
