Munkegaard Recessed Ceiling Light

By Louis Poulsen

Description

The Munkegaard Recessed Ceiling Light creates the illusion of a glass disc hovering just below the ceiling for a light, minimalist aesthetic. To accomplish this elegant look, the fixture partially recesses into the ceiling. A double-layered glass and acrylic diffuser softens the light to create a soft, inviting glow. Note: The fixture's frame should be structurally supported independent of the ceiling suspension and installed prior to closing the ceiling.

Specifications
