Tambo Arc Floor Lamp w/Half Dome Shade By Nova of California

Description

The Tambo Arc Lamp is a Mid-Century Modern masterpiece, designed by Peter Morelli in 1984. This striking arc lamp boasts a steel frame and a unique half dome shade, embodying a dramatic blend of suspension and natural materials. Its handcrafted wood base provides stability and a touch of timeless sophistication, making it an ideal statement piece for living rooms, home offices, or bedrooms. The diffuser within the shade ensures a warm, inviting ambiance, while the lamp's architectural reach delivers overhead illumination without the need for ceiling installation. Equipped with a convenient floor foot slide dimmer, the Tambo Arc Lamp allows you to tailor the lighting to your mood, providing both functionality and ambiance. Note: Not all options are available
