## Cordova Rectangle Color-Select Mirror

By Savoy House

### Description

Lovers of glamorous style will find their perfect match in this Savoy House Cordova rectangular front lit LED mirror! Marvel at the thousands of tiny crushed crystals embedded in the frame that add sparkle to the space, whether the light is on or off, and find convenient controls right at your fingertips. Choose from three different color temperatures - 3000K, 4500K and 6500K - to get the glow that is right for you. Use the stepless dimmer to increase or decrease the brightness. Keep things clear with the defogger, which shuts off automatically after one hour. Cordova even remembers and recalls the last used illumination setting! This mirror is free from lead and copper, comes with mounting hardware and is backed by a 3-year warranty.
