Paulding Color-Select Mirror

By Savoy House

Description

The Savoy House Paulding rectangular framed LED mirror is truly a work of functional art. Within a frame in a bold finish, this sleek design brings you bright illumination and convenient touch controls! Choose from three different color temperatures - 3000K, 4500K and 6500K to discover your ideal glow. Use the stepless dimmer to increase or decrease the brightness. Keep things clear with the defogger, which shuts off automatically after one hour. Paulding even remembers and restores the last used illumination setting for even more convenience! This mirror is free from lead and copper, comes with mounting hardware and is backed by a 3-year warranty. Can be mounted horizontally or vertically.
