Sheldon Chandelier

By Savoy House

Description

The Savoy House Sheldon 5-light chandelier pairs graceful curves with strong structural lines to create a look that is artistic and composed. Sweeping arms introduce fluid movement throughout the design while ice glass shades softly diffuse the light through frosted surfaces that evoke the delicate texture of winter glass. Decorative ice glass orbs echo the shades beautifully, adding layered dimension and an elevated finishing touch. The finish enriches the fixture with earthy warmth and depth, making Sheldon an inviting focal point for dining rooms, living areas, and entryways alike.

Specifications
