Cannon Linear Chandelier

By Savoy House

Description

The Savoy House Cannon trestle chandelier reimagines a classic lighting silhouette through richly layered natural texture. Its center columns and arms are wrapped in organic rope, introducing artisanal character and tactile dimension to the streamlined linear form. Warm Brass accents provide polished contrast, beautifully balancing Cannon's relaxed organic influence with refined sophistication. This striking trestle light is especially well-suited for kitchen islands, dining tables, and other elongated gathering spaces.
