Sheriden Chandelier

By Savoy House

Description

The Savoy House Sheriden Chandelier transforms multi-tier lighting into a dramatic work of art. Layers of rippled bronze glass shades create remarkable texture and a warm, shimmering glow inspired by the reflective movement of water. Finished in Mediterranean Bronze, the oversized ring details and open hoop structures bring architectural structure and bold visual rhythm to the design. With its impressive scale and luminous presence, Sheriden is ideal for grand foyers, staircases, and expansive living spaces.
