Ainslie Chandelier

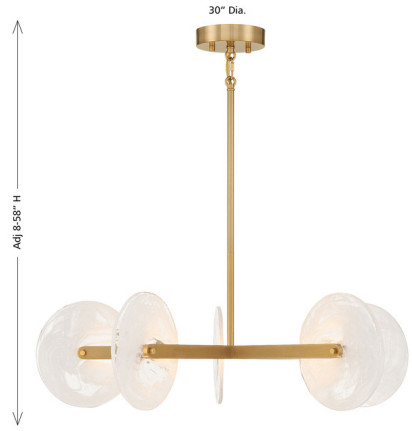

By Savoy House

Description

The Savoy House Ainslie LED chandelier embraces the beauty of restrained design through clean geometry and luminous texture. Its sleek five-spoke structure supports glowing discs of strie glass with delicate texture that creates soft dimension and visual depth. Integrated LED illumination enhances the glass beautifully, giving each disc a warm, floating appearance. With its balance of simplicity and atmosphere, Ainslie makes a sophisticated statement in dining rooms, living spaces, and beyond.

Shown in warm brass / strie
