Celina LED Ceiling Fandelier

By Savoy House

Description

The Savoy House Celina Fan D'Lier blooms like a luminous floral sculpture with softly curved petals of frosted sugar glass shimmering against a Noble Brass finish. Twelve included candelabra LED bulbs cast a radiant, welcoming glow while the efficient DC motor quietly circulates air throughout the room. A handheld remote keeps convenience close at hand. It is part of the exclusive Savoy House Fan D'Lier family - design-forward fixtures that elevate the concept of a ceiling fan with the sophistication of a chandelier.
